¹ "I believe we need to have secure strong borders. We absolutely need to know who's coming into our country.... You know, in certain areas of our border, I think it's OK to have physical barriers... The idea or the approach of a wall across the entire U.S.-Mexico border I think is a huge waste of money. It would take a decade to build and we don't need it. It can be defeated by a ladder in some of these road areas." Source: www.LouisvilleFuture.com (July 10, 2019). "I think a wall is stupid. I've said that before..." ³ "Planned Parenthood is an institution that provides a lot of help for women's health care in this country. I think it's an important institution and I think we should be funding it because it helps women." Source: Amy McGrath Facebook Video (November 7, 2017).

⁴ "I'm proud to stand with the American Legion in calling for the removal of cannabis from Schedule I, and calling for more research into the efficacy of [medical marijuana] in treating PTSD, Chronic Pain and other ailments veterans face." Source: Twitter Post (January 18, 2018).

⁵ "Have you heard of the Equality Act? I would be 100% for the Equality Act. I think that's something that we need to do at a national level. I'm somebody that always believes in diversity, believes that we need to protect people who have been disadvantaged and that includes LGBTQ... even in the military, and I always say to people, 'you know, in combat, you know what we care about?... And it's not who you go home to at night or not who you marry...'" Source: www.TheNortherner.com (September 20, 2020).
